Tattoo removal treatment at subsidized rate

Mudik Ke Hulu is a tattoo removal program for Muslims of all ages. Program includes classes and activities to have better understanding of Islamic knowledge, to boost participants' spirit in improving to be a better person in the eyes of Allah and the community.

This program began in the year 2006 and further enhanced in 2007 onwards. As of June 2017, more than 845 participants of age 12 to 53 have registered for this program.

Program's Objectives:

- To increase understanding in Islamic knowledge and practices
- To provide guidance and support in practicing Islam in life
- To boost self-confidence in facing the reality and to be part of the community
- To provide an appropriate platform for the participants to change
- To provide subsidized treatment for tattoo removal treatment

Tattoo Removal Treatment

In the spirit of serving the community, Tentera Diraja Mosque collaborated with a Muslim owned GP clinic with 2 Muslim doctors who are qualified to remove tattoos with laser treatment. The cost is between \$50-\$450 per session depending on different tattoos.

A tattoo needs more than a session to be completely removed from the skin as you can see some of the results below.
